ACADEMICS

Before Pace, 8 in 10 girls were failing school six months prior to attending Pace. "Before Pace, the idea of graduating wasn't even an option. I was kept out of school from fifth grade through ninth grade, and during that time, I felt hopeless, and my mental health suffered. Pace gave me a second chance, and I could finally see the light again. I've grown so much since enrolling at Pace and had opportunities I never imagined five years ago. And now, I'm going to graduate!"

Gratefully yours,
